

2012 WINTER Aurora Basketball League

Dear Program Participant,

The Winter is fast approaching and so too is the basketball season. The Town of Aurora and Aurora Basketball (Bill Kizovski) are partnering to bring you another exciting season of basketball to the area youth. The Aurora Basketball League will feature practices on a weekly basis with games each Saturday against other teams. Emphasis is placed on learning basic basketball skills, teamwork, and having “fun” in an encouraging environment.

The season will commence the week of January 9th for your child’s assessment night. Assessment nights are designated on the reverse side of this letter. The session will run for 17 weeks until May 12, 2012 at a cost of \$170.00 or \$178.50 (Ages 14-17). Ages will once again be broken up into three categories: 7-10, 11-13, and 14-17.

Registration has begun at the Aurora Family Leisure Complex and the Stronach Aurora Recreation Complex. Do not delay; space is limited with many programs. The program relies greatly on **volunteer coaches**, so let Bill know if you would like to coach or be an assistant coach.

If you have any questions, concerns or need further information regarding programs, please contact us.

Sincerely,

Bill Kizovski

2012 WINTER AURORA BASKETBALL LEAGUE PRE SEASON INFORMATION SCHEDULE

Every player (**except those who participated in the Fall 2011 League**) will begin his or her season with an assessment night. Assessments are intended to help create teams of equal strength within the league and are mandatory. Players will be asked to participate in dribbling, passing and shooting drills. During the assessment, parents may provide information with regard to nights when their child is able to practice. It may be difficult to grant all requests; therefore, any requests made should be done in order of importance. Coaches will notify players by January 15, 2012 with regard to their practice time and location. Practice nights will remain constant except for those occasions when the school is unavailable. Practices will then be rescheduled as needed in accordance to the coaches' availability. **NOTE: You must register before attending the assessment night.**
